VOLUME 36

FRIDAY FEBRUARY 18, 1944

NUMBER 33

R. Pack, H. Fairbanks And A. Jones Winners

In the elections Monday Pack, seeking re-election to the Council topped the polls with a vote of 195, and Harold Fairbanks a new comer was next on the Council with 161. A. W. Jones won the Hospital Board vote with a total of 179.

Also ran were Ern Nilsson, Ira McBride and Wilford VanOrman for the Council and S. J. May and Kay Redd for the Hospital Board. There was a good vote, and all candidates received good support the difference in the highest and the lowest being quite small.

Mrs. P. W. Cope is improving steadily now after a rather lengthy spell of illness.

"Lassie Come Home" the grand show is playing this week end at the Capitol and the management urges that patrons come early. First show on Saturday night will start at 6:30 with the matinee on Saturday at 2:15.

PRAISE FARMERS FOR MILK OUTPUT

For maintaining total milk production during 1943, Canadian farmers were entitled to a very great measure of credit in view of circumstances, particularly in connection with labour and the feed situation in some parts of the country, declared J. E. Singleton at the Interprovincial Dairy Conference held recently at Saskatoon. Mr. Singleton is Associate Director of Marketing Service, Dairy Products, Dominion Department of Agriculture, and Chairman, Dairy Products Board, and at the conference reviewed the Canadian Dairy Industry and Trade during 1943.

Since war commenced, said Mr. Singleton, there had been an important increase in volume of annual total milk production in Canada, and also there had been striking changes in the extent to which milk had been utilized for various purposes. Statistics of total milk production must be based partially on estimates. Reasonably accurate statistics of production in dairy factories were available and the milk equivalent of the production could be calculated. There were some unknown factors entering calculation of total milk production, as for example, milk used on farms, total milk sold for fluid consumption and volume of dairy butter made. It was estimated that total milk production in Canada during 1943 was approximately the same as during 1942, and about 11 per cent greater than in 1939.

There had been a remarkable increase in the volume of milk sold, he said. Accurate statistics were not available but it was estimated by some that the volume of milk used for that purpose during 1943 was approximately 20 per cent greater than the volume used in 1942. A survey by the Wartime Prices and Trade Board of the 70 most populous cities and towns in Canada indicated that the distribution of fluid milk in those centres was approximately 20 per cent greater than a year earlier. In considering the increase in volume of milk used for distribution in the fluid milk trade or for other purposes, it should be kept in mind that the total volume of milk produced during 1943 was approximately the same as that produced in 1942.

FAMILY NIGHT AT FIRST WARD

A very enjoyable meeting was held in the First Ward Sunday evening when the Family Night program was given by the J. Orrin Turner Family.

After the opening exercises the meeting was turned over to the family and the following program carried out: Reading by Kathryn Turner, Piano Solo by Barbara Turner, Mixed Quartette by Mr. and Mrs. Reece Gibb and Mr. and Mrs. Kenneth Stone, Turner Family History by J. Orrin Turner, Piano Duett by Doreen Snow and Hazel Fawns, Vocal duett Mrs. Alice Jensen and Mrs. Eunice Snow with Mrs. Donna Wright at the Piano, Talk on Faith by Mrs. Ann Turner, and a Piano Solo by Barbara Turner.

NO LONGER NEED OLD TUBES TO BUY SHAV- ING CREAM

Ottawa, Feb. 16—The prices board announced Tuesday that used collapsible tubes no longer need to be turned in for the purchase of shaving cream or tooth paste, ending a compulsory salvage measure instituted early in the war.

The announcement said compulsory collections were being discontinued because the amount of tin used in newly-manufactured tubes has been reduced to a point where the amount of tin recovered from salvage has dropped to less than 15 per cent of the gross weight of the tubes.

JOIN THE AIR CADETS NOW

ENGLAND'S GREATNESS

(Selected)

I entered in a stately hall
Where hung a picture on the wall

Through portals wide and high
Which quickly caught my eye
'Twas not a splendid work of art

By some great painter's hand,
But still it deeply stirred my heart,
To me 'twas truly grand.

'Twas just a Bible, open wide
Portrayed before my view,
With gilt-edge leaves on either side,

And silken mark of blue
Above the book in letters tall,
Inscribed in red and gold,
'Twas 'England's Greatness,'
That was all,

But oh, a truth it told!

Yes, England's greatness in the past,

And England's fame today,
Is not alone her riches vast,
Her culture, nor her sway;

'Tis not alone her men of state,
Her heroes 'neath the sod,
But what hath made the nation great

Has been her faith in God.

The word of God has been her guide

In trial and suspense,
And God has been on England's side

Her shield and her defence,
So long as England holds the Word,

And wrong and pride do lie
Hate,

So long will England's fame be heard—
So long will she be great.

Mammoth School Wins Bomber Salute

In the period just ended for War Savings Stamp sales in the schools of Raymond and district, the Mammoth School with an enrollment of 40 pupils, won the Bomber Salute with \$117.50 worth of stamps sold on a quota of \$30.00 for a percentage of 391.6. Bonnie View School in the same section was second with a percentage of 172 selling \$24.52 on a quota of \$14.25.

The High Room of the district was Mrs. Hudson's room in the Raymond Public School, which room had a percentage of 409.00 selling \$95.25 worth of stamps in the six weeks period. The Bomber Salute will be made today between 1:30 and 2 p.m. when a banner will be dropped near the school by a plane from the No. 8 Bombing and Gunnery School, Lethbridge.

During the period the schools, including Raymond, Welling, Stirling, Bonnie View and Mammoth have purchased stamps to the value of \$1,267.27. We think this is very commendable and we congratulate the pupils for their good work in this respect. Another period commences now and the Bomber Salute and Grand challenge prize will be competed for again by the district.

The Rotary Club is sponsoring the competition and providing the prizes, and we are pleased to report that the winning group this time was in charge of a committee composed of Dr. Madill, Pres. of the Club Nels Peterson, J. W. Evans, C. R. Wing, T. Geo. Wood and S. I. May. As Rotarians we hope the other groups will do better next time.

NEWS NOTES

Mr. and Mrs. Paul Moreland were visitors here Tuesday.

Mr. and Mrs. A. E. Hancock were in Lethbridge on business last Friday.

Mr. and Mrs. Ralph Byrne were Lethbridge visitors Wednesday of this week.

A. N. MacDonald, Provincial Dairy Inspector, was at the local Cheese Factory last Friday and supervised the making of a vat of milk into cheese.

Ted Brewerton was a Calgary visitor this week where he enlisted in the R.C.A.F. He hopes to be permitted to finish Grade XII before reporting for training. Incidentally, the High School Basketball team hopes he can too.

Mr. and Mrs. Mose Fromm and Mrs. Hylm Fromm were Lethbridge visitors Saturday afternoon last.

D. A. Cahoon, Auditor, of Cardston spent the week-end here auditing the books of the Cheese Factory.

The Hancock Dairy had the engine head on the delivery Ford cracked last week when the water froze. It is still under repair.

The High Priests Quorum of the Stake had a very nice representation at the Temple Wednesday and five of their number remained for the sessions Thursday. Those remaining were C. E. Alfred, C. E. Hancock, Harold Stevens, Jos. R. Hicks and Jas. S. Anderson.

Allies Press On In Italy

October, 1943: Germany is suffering defeat after defeat on all fronts. In the U.S.S.R. her forces, fighting desperately, are still being pressed back. On her home front the R.A.F. and U.S. A.A.F. are inflicting crippling blows on her war industries. In Italy her armies are being beaten steadily northwards by the

Allied Fifth and Eighth armies. Picture shows: Italy: British tomnies, driving jeeps, take supplies up to the front line and return with wounded to a field dressing station. In the front of the returning jeep is a wounded German; in the back, on a stretcher, a more seriously wounded Englishman.

Welburn J. VanOrman Heard At Rotary

BOOK CLUB MEETING

On February 11th the Friday Night Book Club met at the home of Marian Tollestrup with 20 ladies present. Miss Iris Jones reviewed "The Robe" by Lloyd C. Douglas.

A party was planned for March to entertain members and their partners.

Two quilts for the Red Cross are to be quilted this next week by members.

Lunch was served by Mrs. Tollestrup and Mrs. Allred.

AT TOUCH OF WINTER

Daylight Wednesday morning found the wind in the north and a blizzard in progress. It was cold and it looked like we might be in for a real one. However before noon the wind had died down considerably, the snow had about quit and the sun was breaking through the clouds. Two or three times during the day the snow fell heavily for a few minutes, and then the sun shone again.

Wednesday night was quite cold and Thursday morning the breeze was sharp until about 10 a.m. when it moderated and the rest of the day was pleasant. It has been a wonderful winter so far and we just get a nippy day occasionally to remind us that we are still in Alberta.

W. I. MEETING HELD

The regular W. I. Meeting was held at the home of Mrs. Thomas Allen, February 10th, with a good attendance, Mrs. W. McMullin presided.

The meeting opened by singing "O'Canada". Flag salute was led by Mrs. Paris and the creed by Mrs. Clara Rolfsen. Roll call was answered by giving a current event. A varied number of interesting items came up for discussion among them was a donation toward a birthday present for our Mother W. I. which was organized February 1897.

Miss Willa Rae Erickson entertained with a piano solo. Mrs. McBride gave a paper on "Child Welfare and National Health," she reported that the W. I. had gone in for health services, including free institutional treatment of Tuberculosis and helping to establish two Cancer Clinics in Alberta.

After the National Anthem, a delicious lunch was served by the hostesses Mrs. Allen and Kitchen.

BE SURE AND SEE "LASSIE COME HOME"

Make a date to see this production. It has done turn away business wherever it has shown and is the only MGM picture to be put in the top group amongst the 43-44 pictures. It has everything and is a picture you won't want to miss. Tonight or tomorrow night at the Capitol for sure

NEWS NOTES

Bring your printing requirements to us. We are here to be of service. We would like to assist you.—The Recorder.

Mr. and Mrs. Wm. Jensen, Mr. and Mrs. Scott Salmon and Mrs. T. O. King were at the Temple for the afternoon and evening sessions on Wednesday.

At Rotary on Monday, Welburn VanOrman, P. T. Trainer of the district, was guest speaker and spoke on the Dominion-Provincial program of Physical fitness. Alberta was the first province to accept the offer of the Dominion & put the scheme under way, and it was growing each year. There was an opportunity for everyone from ten years of age up to enter these classes and obtain the benefit of the experience of years in this work. He himself had benefited greatly by it, and he knew of many individuals who had found new health and greater enjoyment from this training.

He spoke of the offer of the Dominion to assist communities in this program, and complimented the local Rotary Club for their sponsorship of training equipment when the program was first started here. Mrs. K. Redd had some of her public school pupils come into the meeting and these girls delighted the Rotarians with two numbers.

WEDDING BELLS

WALKER — SCHNEIDER

Ursula Erna, daughter of Mr. and Mrs. Karl Schneider, and Pte John Walker of the Canadian Army were married last Wednesday afternoon, Feb. 9, at the home of the bride's parents in Raymond, with Bishop L. L. Palmer performing the ceremony. Friends and relatives were present for the ceremony and to extend their best wishes to the happy young couple for a long and happy married life. The bridesmaid was Mrs. Florence L. Herget, and the groom was supported by one of his army chums.

In the evening a wedding supper was held in the 2nd Ward Church when nearly a hundred friends and relatives of the newlyweds sat down to the tables and enjoyed a wonderful supper and an evening of merriment and relaxation. The young couple are in Calgary, where the groom is stationed at present. With their many friends we join in extending our hearty congratulations and best wishes for a long and happy married life.

A Red Cross Drive is in the offing. Announcement will be made next week. Get ready to do your part in this important work. Your own may be next in need of aid from this service.

Lorne, 11 year old son of Mr. and Mrs. J. Ritchie-Patterson of Lethbridge died in a peculiar accident at the home Tuesday evening. A broken neck was apparently the cause of death and the entire family were at home when it occurred.

SOUTH DISTRICT SCHOOLS TO TAKE MORE JAPANESE

Vancouver—Racial strife is almost non-existent among white and Japanese children attending the same schools in Alberta, George E. Collins, B. C. Security Commission secretary, said Tuesday on his return from a conference with members of the Alberta Department of Education. Mr. Collins arranged for increased accommodation in schools in the Lethbridge district to take care of Japanese students enrolled there.

OPPORTUNITY IS HERE

Following our editorial last week, we have heard some what of the Dominion-Provincial program of Youth Training and from what we can hear there is a golden opportunity for us to make a real start toward some of the things we suggested last week.

We are not sufficiently conversant with the provisions of the law, but we hope to have further information for our readers next week. It is an accepted fact that we need recreational facilities, and here would be a wonderful opportunity for our Athletic Association, Board of Trade and Service Clubs to at least form a committee to investigate this matter and meet with the Provincial Committee to find out just what might be done to add to, or alter the Opera House as a recreational centre, or perhaps even build a new building to house some of these recreational facilities which would add so much to the leisure time of young and old in our district.

Let us give it some fair-minded and serious consideration.

WEEKLY LETTER

SECURING A STAND OF CLOVERS AND GRASSES

Failure in securing a stand of clovers and grasses is expensive and discouraging to the production of these crops. Perhaps one of the chief reasons why forage crop seed is not sown more widely, particularly in Southern Alberta, is the risk of not getting a satisfactory stand. A more limited use of forage crops brings about a more limited supply of nitrogen and humus in the soil, and consequently lower soil productivity.

Early and shallow seeding are more essential. In aiming to seed clover and grass seed under as nearly ideal conditions as possible it is well to take into account the length of time required for such seeds to germinate and establish themselves and also the climatic conditions of the district under which they are sown. These seeds require, practically twice as long to germinate as do the cereal grains. Moisture is naturally essential throughout this period and shallow seeding is also one of the prime requisites. Probably more failures result from too deep seeding than

from any other cause.

The Dominion Forage Crops Laboratory at Saskatoon state that the best depth of seeding crested wheat grass is one-quarter of an inch, bromo and slender wheat grass, alfalfa and sweet clover one-half inch. Their data show that the germination decreases rapidly with each increase in depth of seeding, to the point where no germination can be expected from crested wheatgrass sown at at five inches, or alfalfa at two and one-half inches.

As the seeding season progresses in the southern part of the province the surface soil dries out rapidly, and it becomes hard to get ideal seed bed conditions for grass and clover seed after the early part of May. In certain seasons germination occurs early in June but these cannot be depended upon in the southern part of the province to nearly the same extent as they can in the north.

A firm seed bed is a further requisite for clover and grass since it is much less liable to dry out and it also facilitates shallow seeding. The time when these favourable conditions are most likely to prevail in Southern Alberta is in the very early spring.

ALFALFA

Best results in the seeding of alfalfa at the Lethbridge Experimental Station have been obtained by simply drilling the seed into the soil as soon as the frost has come out of the ground sufficiently to allow the drill to penetrate slightly. This means seeding in stubble land with absolutely no preparation whatever given previous to seeding, for any cultivation, no matter how shallow, done at this time makes it impossible not to plant most of the seed over the desired one-half inch.

M. Karaki purchased a late model Chevrolet from Mechanic Sales Ltd. of Lethbridge this week.

Our want ads, always get results. One insertion is often sufficient. There are very few things that you can't sell if you advertise.

Hyrum Fromm returned to his training station at Madison Wis., last Saturday, taking the evening train from Lethbridge. He had enjoyed a very pleasant ten days leave with relatives and friends here.

2,500 tons of bombs were dropped on Berlin Tuesday night in the heaviest raid the Allies have ever loosed in a single excursion. Smoke was reported to rise four miles in the air from the fires that were set by the bombing.

TO FOUR O'CLOCK P.M.

D. M. Holladay,

Secretary-Treasurer.

PLAN TO MAINTAIN HOG PRODUCTION

During

1944 and 1945

Every good quality hog that can be produced during the next two years will be needed.

The current bacon contract is for two years. It guarantees bacon prices and the delivery of 900 million pounds of bacon over the contract period. To help Britain maintain her present weekly ration of 4 oz. for each person Canada will try to deliver 600 million pounds of bacon this year.

IMPROVE QUALITY

Quality premiums of \$3.00 for each Grade A carcass and \$2.00 for each Grade B1 carcass have been authorized. They increase the net profit in hog production and emphasize the urgency of improving quality to protect the after-the-war position on the British market.

Hog Production is Profitable

After allowing reasonable feed allowances and liberal overhead charges to cover all possible costs the following net returns can now be expected from feed grains fed to hogs:

Wt. of Hog Live Lbs.	Selling Price per 100 lbs. dressed	Value of Hog	Quality Bonus B1 Grade	Returns per Hog	Returns for grain	Value of grain per 100 lbs.
200	\$15.00	22.50	2.00	24.50	17.50	1.75
200	15.50	23.25	2.00	25.25	18.25	1.83
200	16.00	24.00	2.00	26.00	19.00	1.90
200	16.50	24.75	2.00	26.75	19.75	1.98
200	17.00	25.50	2.00	27.50	20.50	2.05

Grade A hogs on which \$3.00 Quality Bonus is paid will return an additional 10c. per hundred for the grain used.

NEWS NOTES

The First Ward Green and Gold Ball will be held on Friday night in the First Ward Recreation Hall. All members of both Wards are cordially invited.

Gerald Gibb was in Hill Spring Tuesday attending his mother's funeral. We extend our sympathy to the sorrowing relatives.

E. E. Jensen and A. D. Hancock of the Cheese Factory management are in Lethbridge this afternoon to a Poultry Producers meeting. Questions of policy and program are to be discussed.

Speakers at the 2nd Ward Sacrament meeting Sunday evening were Blayne Jones, who has just returned from business school at Calgary, Mark Dahl home on embarkation leave and Frank R. Taylor, recently returned from a business trip to Denver, Colo., and Utah. A very enjoyable meeting was held.

Louis Felger, old-timer and successful farmer of Magrath passed away at his home Tuesday night. He was 67 years of age and had been a Southern Alberta resident since the land rush days of 40 years ago. He leaves his second wife, two daughters, two brothers and a sister to mourn his passing.

The Stake Missionaries had a Temple Excursion Wednesday, and considering the weather dance. Amongst those present there was a very good attendance: Mr. and Mrs. Wm. Anderson, Mr. and Mrs. Ira McBride, Mr. and Mrs. C. A. Dahl, Mr. and Mrs. A. E. Hancock, Mr. and Mrs. S. I. May, Miss Aften Christensen and Elmer Spackman.

Garth, son of Mr. and Mrs. M. J. Elder is reporting to the Army to commence training. He will report in Calgary next Monday.

Pres. T. Geo. Wood had a car load at the Temple Wednesday for the afternoon and evening sessions. With him were Heber F. Allen, J. W. Evans, C. R. Wing and C. W. Selman.

The wind really had the snow moving freely last Saturday afternoon. Considering the wetness of the snow as it fell Friday, it was surprising that it should blow so much Saturday. The only thing that prevented the roads being drifted full was a scarcity of snow.

Good News for Every Farmer!

RUST robs the farmer of more than half the money he puts into farm machinery. For rust wears out farm machinery faster than actual use.

Marathon Rustproof Compound provides a sure way to stop losses due to rusting. It not only prevents rust formation, but it penetrates existing rust and stops further rusting. It "kills" rust, every way!

And, Marathon Rustproof Compound is easily applied by brush or, when diluted with kerosene or painters' naphtha, by an ordinary insect spray gun. One application will prevent rusting for many months longer than any old-fashioned method.

Save the time, trouble and expense of delays caused by rust, this new, easy, inexpensive way. Save the labor of sharpening rusty cutter-bar knives; avoid the irritating work of trying to get rusty plows and cultivators to scour properly. Save money and metal all around the farm, every day, with Marathon Rustproof Compound.

Get in touch with us right away. Stop Rust costing you money!

WARBLE FLY CONTROL

"These pesky get under my skin" said the old moody cow as she whipped her tail over her back and made a mad dash for the nearest slough where she spent the best part of the day when she should have been out grazing.

Warble flies have been with us so long that so many of us are inclined to consider them as a necessary evil. Such is not the case. They are a simple, cheap and effective.

The chief stumbling block in the past has been the difficulty of handling large range herds.
